DENTRIX ENTERPRISE PAY

Give your patients a convenient way to pay

WORK SMARTER AND FASTER

Dentrix Enterprise Pay gives your practice an integrated payment solution to process all popular payment types efficiently and accurately. Dentrix Enterprise Pay saves valuable time for your staff because payments are automatically posted to the Dentrix Enterprise Ledger, which also eliminates potential double-entry errors.

CONVENIENT PAYMENT OPTIONS

Patients expect convenient and flexible payment options, and you want to be paid at the time of service. Dentrix Enterprise Pay gives your practice an integrated payment solution that efficiently processes all popular payment types. Dentrix Enterprise Pay allows practices to securely accept EMV (chip cards), credit cards, debit cards, FSA and HSA cards, even Google Pay or Apple Pay — providing convenience and flexibility to patients. .

CONTACT-FREE CHECKOUT

Stopping the spread of viruses is on everyone's minds. Dentrix Enterprise Pay offers contactless transactions that post directly into Dentrix Enterprise. When patients check out, their contact can be limited to tapping, inserting or swiping their cards when the office staff presses the keys on the payment device for them. And, with the choice of using Apple Pay, Google Pay or another digital wallet solution, patients can have completely contact-free checkout.
